APLD California Chapter 2018 Platinum and Gold SPONSOR TESTIMONIALS

Here's what our members think about our Platinum & Gold sponsors:

APLD CA 2018 Platinum Sponsor

As soon as I heard about the **Rain Bird** inline drip irrigation headers, I had to try them out. The ease of installation was amazing. Best of all, they already have the connectors attached at the correct spacing; and the tubing is flexible, so it works great for unusual shapes. In my design business, I provide irrigation partial plans, details, and suggestions—and most of the time I am recommending inline drip, which cuts down on labor time for contractors. I highly recommend this system!

🌿 **Lisa Bellora**, *Ornamental Gardens by Lisa*

APLD CA 2018 Gold Sponsors

Since discovering **Bamboo Pipeline**, I've been able to spend more time working on my design plans and other creative aspects of my projects—things that would get squeezed out if I had to spend time looking for plants from various sources. I know the plant sourcing is in great hands, and my clients are always impressed with the quality of the plant material. I think of them as another member of our team.

🌿 **Joel Lichtenwalter**, *Grow Outdoor Design*

I love working with **Belgard Pavers**. They have a wide range of concrete pavers in colors and shapes that really allow designers to be creative when specifying their product. Their products are easy for contractors to install, and the final result looks so elegant. I highly recommend this product often to my clients.

🌿 **Amelia Lima**, *FAPLD, Amelia B. Lima & Associates*

Devil Mountain Wholesale Nursery has been our landscape design firm's go-to wholesale nursery for the past 15 years. Their customer service is stellar: they're dedicated to finding the best plant material available in the trade and are always able to accommodate our specific needs. Their nursery staff are knowledgeable, friendly, and efficient, and are always quick to respond to any questions or concerns. We are very happy and loyal customers!

🌿 **Sarah Herman**, *Sarah Herman Landscape Design*

Receiving **Dig Plant Co.**'s plant samples that arrive in the mail is like getting a present. It is a wonderful way to become aware of new plant material and test them out for my clients. The plants arrive healthy, transplant easily, and continue to grow well in my garden under all the varying conditions I give them.

🌿 **Maryanne Quincy**, *FAPLD, Q Gardens*

I am a longtime **Emerisa Gardens** fan. It's not just that they have a wide range of great plants available—it's the service! From ordering to delivery, they remain one of my favorites, and they are always helpful when I'm looking to find what I need to finish one of my landscaping projects.

🌿 **Janet Enright**, *Janet Enright & Associates*

Green Acres Nursery & Supply has provided some of my favorite experiences as a landscape design professional. From the moment I walk through those welcoming barn-type doors to the time that I leave (reluctantly), my experiences are always pleasingly positive. Browsing the incredible plant material that is so well organized simply lifts one's spirits. Thank you for your commitment to excellence and continued support for APLD!

🌿 **Cheryl Buckwalter**, *Landscape Liaisons*

I just successfully completed the **G3** training in Watershed Approach to Landscape Design, and I feel I have added a very valuable credential. I learned how to evaluate an irrigation system and effectively design one that uses rain-water capture and drip irrigation so I can capture as much water as possible and leave it in the garden instead of the sewers. **Pam Berstler** did a great job!

🌿 **Jackie Seidman**, *Jackie and the Beanstalk*

APLD California Members LOVE OUR SPONSORS!

Sponsorship is the primary source of operating income for the APLD California Chapter and Districts. Please do business with our sponsors whenever possible. And when you do, please mention that you are an APLD CA member, so our sponsors can better appreciate the value of their investment.

The 2019 APLD CA sponsorship campaign season runs from December 1, 2018 to February 28, 2019. We are always looking for quality businesses to partner with. For more information, please visit the Sponsors page on our website at apldca.org; or contact our sponsorship chair, Laura Morton, at sponsorship@apldca.org.

APLD CA 2018 Gold Sponsors *(continued)*

LYNGSØ

From their online calculators to their thoroughly knowledgeable and resourceful reps—and of course their proprietary brew of compost tea—one way or another **Lyngsø Garden Materials** has been a part of virtually every project I've designed over the last decade. **Lyngsø's** commitment to local and sustainable materials makes them an easy first (and often only) stop for any soil, mulch, or hardscape I might need.

🌿 **John Black**, APLD, *Verdance Design Group LLC*

Mountain States Wholesale Nursery grows the plants I want to specify in a landscape plan. Their consistent message of tough beautiful plants, along with their high-quality standards, makes my company look good while providing some unusual varieties that are sure to resist the toughest weather conditions. As if that isn't enough, their plant info sheets are an excellent reference for the office and to share with clients.

🌿 **Laura Morton**, FAPLD *Laura Morton Design*

Pacific Nurseries

Pacific Nurseries is my go-to source when a design requires beautiful, healthy, and full-screening shrubs. I can always trust in their growing grounds to provide the fine quality and quantities needed for every project.

🌿 **Anna Wendorf**, *Anna Wendorf Design*

Peninsula Building Materials Co.

Peninsula Building Materials' superb showroom and staff consistently go above and beyond. The oddest questions get answered, the most difficult specialty orders get fulfilled. I am so grateful to have such a wonderful resource at my disposal. My clients are very impressed, and my company looks good because of PBM. Thank you!

🌿 **Astrid Gaiser**, FAPLD, *Astrid Gaiser Garden Design, LLC*

What I appreciate most about **SPJ Lighting** is that they are a local company—right here in Los Angeles. All of their fixtures are made of quality materials, and I feel very comfortable specifying their products. They stand behind their products and will willingly replace any fixture that might fail. They always answer the phone when I call. Their products are constantly evolving as technology improves, and they are happy to do custom work.

🌿 **Francesca Corra**, APLD, *Dirt Diva Designs*

I've never gone to **The Urban Farmer Store** without coming out with everything I need. And with confidence I can send landscape contractors and homeowners there to receive accurate and important information on irrigation, outdoor lighting, and the mechanics and materials for outdoor fountains and ponds, as well as supplies for rainwater and greywater catchment. Wow! That's a lot of expertise in one store—especially when it's staffed with helpful, friendly sales people.

🌿 **Patricia St. John**, FAPLD, *St. John Landscapes*

Urban Tree Farm Nursery's selection of trees and shrubs is really fantastic. They carry hundreds of bareroot fruit tree varieties and have a very easy-to-navigate website, so it's always a breeze to find just what I need for my clients' projects. The folks in the office are always easy to work with as well.

🌿 **Mary Fisher**, FAPLD, *Mary Fisher Garden Design*
