APLD California Chapter 2020 Platinum and Gold SPONSOR TESTIMONIALS

Here's what our members think about our Platinum & Gold sponsors:

APLD CA 2020 Platinum Sponsors

It's long been my preference to work with only a select few landscape contractors. I want the relationship to be a partnership—so that I can rely on and trust their judgment and expertise. Inevitably I become a better designer through my work with them. The day that I walked a high-profile, complicated site for bid review with **Bay Scenery**, I knew that this was a firm that I would continue to work with. I was impressed by their attention to detail, sense of ethics and professionalism, and insight into the nuances of the site.

🌿 **Janet Enright**, *Janet Enright Garden Design Inc.*

As an APLD member, I am proud to be associated with a company as environmentally responsible as **Humboldt Sawmill**. As a collective group, we realize the importance of being educated; and I am grateful to Humboldt for stepping up early in the pandemic and putting on a very informative webinar on their company and their products. All things being equal, I would always choose a product from a company of such high standards.

🌿 **Francesca Corra**, *APLD, Dirt Diva Designs*

APLD CA 2020 Gold Sponsors

I have been using **Bamboo Pipeline** for the last several years. No one makes it easier to order plants. Their range of plant materials is huge, and it is always stellar! I've also been enjoying using their online ordering system, which makes it super easy to price out plant lists and offers discounts and rewards to users. Working with Bamboo Pipeline makes ordering plants a breeze and practically hassle-free.

🌿 **Debbie Gliksmann**, *APLD, Urban Oasis Landscape Design*

Joe Ruffatto has a lifetime of valuable information that he generously shares with APLD members—for example, the differences between running and clumping bamboo as well as how to keep running bamboo in check. Bamboo evokes a sense of calm whenever you see it in a landscape. Joe has inspired me to use bamboo in my designs. I look forward to working with **Bamboo Sourcing** in one of my next projects.

🌿 **Jacqueline Seidman**, *Jackie and the Beanstalk*

Belgard has always been on the cutting edge of developing new products and styles. They manufacture the only paver and modular block retaining wall products I recommend. I have been specifying Belgard products on my plans for many years, and feel their products offer superb quality and a distinctive look for all residential projects. Keep it up, Belgard—your products continue to enhance our work!

🌿 **Steve Harbour**, *APLD, Steve Harbour Landscapes*

Whenever a design calls for pavers, I choose **Calstone Company**. I know the quality will always be consistent and reliable. I especially love Calstone Quarry Stone and Versailles pavers, because their texture and colors closely mimic natural stone.

🌿 **Kristen Rudger**, *APLD, Kristen Rudger Landscape Design*

I've been using **Devil Mountain Wholesale Nursery** as my primary plant source for over a dozen years. Their plant quality is top-notch; and their sales people efficiently source hard-to-find plants when I need them. Their website has become a useful tool in my design work, and it saves me hours of time looking for the plants I want. My business has been enhanced by using Devil Mountain Wholesale Nursery as my primary plant source partner.

🌿 **Marcia Jimenez Scott**, *Marcia Scott Landscape Design*

Whether I'm shopping for a client or my own demonstration garden, I love to use **Emerisa Gardens** plants. They always have a great selection, and their Availability list is kept up to date, which really helps. Their deliveries are quick and economical (but of course it's more fun to go to the nursery and choose them myself!). Emerisa's staff are courteous and efficient, the plants are healthy, and I can always find what I'm looking for there.

🌿 **Janet Cohen**, *Honest Gardens*

APLD CA 2020 Gold Sponsors *(continued)*

I am so fortunate to have **Green Acres Nursery & Supply** in the Sacramento region. I can feel good about sending clients there, knowing that they will see healthy and thriving plants. Their staff is knowledgeable, friendly, and available for help if needed. They carry a huge assortment of gorgeous pottery and much more. It's a great nursery, well-stocked with everything a professional landscape designer or any home gardening enthusiast could want.

🌱 **Tina Henricksen**, *Tina Henricksen Garden Design*

Thank you, **Hunter/FX Luminaire**, for being an APLD-CA Gold Sponsor! I can always count on high-quality products, excellent customer service, and easy-to-access online resources for both professionals and residents. All of their reps are top-notch. What especially stands out for me is that the company cares about people and builds relationships that last for years. I can pick up the phone and know they'll help me resolve the issue of the day.

🌱 **Cheryl Buckwalter**, *Landscape Liaisons*

From their online calculators to their thoroughly knowledgeable and resourceful reps—and of course their proprietary brew of compost tea—one way or another **Lyngsø Garden Materials** has been a part of virtually every project I've designed over the last decade. Lyngsø's commitment to local and sustainable materials makes them an easy first (and often only) stop for any soil, mulch, or hardscape I might need.

🌱 **John Black**, *APLD, Verdance Design Group LLC*

The fabulous Wendy Proud is very generous with her time and immensely helpful to designers. She knows her collection, and is a born teacher; so I learn something from every conversation I have with her. Her team is also always helpful; and ordering is easy. Their plants truly sing in any garden. **Mountain States Wholesale Nursery** is family-run. They have been in the business that they love for over 50 years—and it shows.

🌱 **Johanna Woolcott**, *Wild Gardens*

Pacific Nurseries

Pacific Nurseries remains my go-to source when a design requires beautiful, healthy, and full-screening shrubs. I can always trust in their impressive growing grounds to provide the fine quality and exact quantities needed for every project.

🌱 **Anna Wendorf**, *Anna Wendorf Design*

Peninsula Building Materials Co.

Peninsula Building Materials' superb showroom and staff consistently go above and beyond. The oddest questions get answered, the most difficult specialty orders get fulfilled. I am so grateful to have such a wonderful resource at my disposal. My clients are very impressed, and my company looks good because of PBM. Thank you!

🌱 **Astrid Gaiser**, *FAPLD, Astrid Gaiser Garden Design, LLC*

What would we do without **The Urban Farmer Store**? I live near the Richmond store and find it invaluable. I call when I need referrals to excellent irrigation specialists. I visit when I need irrigation supplies, when I need lighting company catalogues, and especially when I just need good irrigation or lighting advice. I can count on their professionalism and helpful advice for me and the homeowners I send there.

🌱 **Patricia St. John**, *FAPLD, St. John Landscapes*

Urban Tree Farm Nursery's selection of trees and shrubs is really fantastic. They carry hundreds of bareroot fruit tree varieties and have a very easy-to-navigate website, so it's always a breeze to find just what I need for my clients' projects. The folks in the office are always easy to work with as well.

🌱 **Mary Fisher**, *FAPLD, Mary Fisher Garden Design*
