# APLD California Chapter 2021 Platinum and Gold SPONSOR TESTIMONIALS

Here's what our members think about our Platinum & Gold sponsors:

## APLD CA 2021 Platinum Sponsors

I have been working with **Bay Scenery, Inc.** for the last 10 years, and they have successfully installed many of my projects. Their two leads, Mario and Rafael, are wonderful to work with. They ask if they have a question instead of making assumptions, and are very responsive and reliable. Their team is one of the most skilled irrigation and lighting experts in the area. I always enjoy working with this company and am looking forward to the next project.

🌿 **Astrid Gaiser**, *Astrid Gaiser Garden Design, LLC*

I've used **EcoMulch** for years at my clients' and my own garden. Their prices are very competitive, and I appreciate that their products are locally sourced and their process sustainable. The *Large Natural* is my favorite for longer-lasting, heavier—and less blowable—mulch. They return scheduling calls promptly and can usually get your mulch delivered within a few days. I love this company!

🌿 **Janet Cohen**, *Honest Gardens*

I am very appreciative of the excellent webinar that Charlie Jourdain/Humboldt Sawmill provided to our Chapter in March 2021. It was filled with relevant information on why redwood is a good choice for landscape elements: sustainability, aesthetics, and performance over time. It was also enlightening to learn about the different grades and finishes, along with the best applications for each. I'm now able to better educate my clients on the benefits of using redwood and why it is such a good choice. Thank you, **Humboldt Sawmill!**

🌿 **Angela Benson**, *Angela Benson Landscapes*

## APLD CA 2021 Gold Sponsors

**Belgard Hardscapes** is one of the most helpful companies that I have worked with. The reps can answer questions quickly, and they love to educate designers. Belgard has beautiful pavers, and I find myself recommending them job after job. It is a breeze getting samples for clients, and it helps us make the final decisions fun and easy. If you have a paver job coming up, reach out to Belgard—you'll be glad you did!

🌿 **Julie Molinare**, *The Grass Is Always Greener Landscape Designs*

No matter what type of project we're designing, we always consider Calstone for the hardscaping. They have an incredible range of naturalistic colors, and styles from classic to contemporary. They also offer permeable pavers that help us manage stormwater without compromising looks or functionality. Plus, for our jobs in northern California, they can earn LEED credits as a regional product! It's a no-brainer to recommend **Calstone Company**.

🌿 **John Black**, *CPLD, Verdance Landscape Architecture*

Over the years I've worked with several different sales representatives at **Devil Mountain Wholesale Nursery**, and each has been really super in terms of timely interaction. I can easily check plant availabilities online, knowing as well that the plants I'm ordering are top quality. I also really appreciate their participation in our plant fairs. Thank you, Devil Mountain, for sponsoring APLD, and all the other ways you help us as designers do our job!

🌿 **Tina Roushall**, *Roushall Gardens*

**Emerisa Gardens** in Santa Rosa is a family-run wholesale nursery specializing in four-inch plants with an emphasis on hardy and unusual perennials, herbs, certified organic vegetables, ornamental grasses, and succulents. They also have a selection of shrubs, roses, and succulents, as well as lovely demonstration gardens. The quality and variety of their plants is outstanding. Their growing grounds are inspiring and their customer interaction is terrific.

🌿 **Patricia St. John**, *FAPLD, St. John Landscapes*

# APLD California Members LOVE OUR SPONSORS!

Sponsorship is the primary source of operating income for the APLD California Chapter and Districts. Please do business with our sponsors whenever possible. And when you do, please mention that you are an APLD CA member, so our sponsors can better appreciate the value of their investment.

The 2022 APLD CA sponsorship campaign season runs from December 1, 2021 to February 28, 2022. We are always looking for quality businesses to partner with. For more information, please visit the Sponsors page on our website at [apldca.org](https://apldca.org); or contact our sponsorship chair, Julie Molinare, at [sponsorship@apldca.org](mailto:sponsorship@apldca.org).

## APLD CA 2021 Gold Sponsors (continued)

I am so fortunate to have **Green Acres Nursery & Supply** in the Sacramento region. I can feel good about sending clients there, knowing that they will see healthy and thriving plants. Their staff is knowledgeable, friendly, and available for help if needed. They carry a huge assortment of gorgeous pottery and much more. It's a great nursery, well-stocked with everything a professional landscape designer or any home gardening enthusiast could want.

🌿 **Marcia Scott**, *Marcia Scott Landscape Design*

Aside from the excellent quality of their lights, the most wonderful thing about **Hunter/FX Luminaire** is their outstanding customer service. It is so important for us, as designers, to always know that we have experts to learn from and to support us at every stage of the design process and beyond. If there ever is a problem, even years down the line, I can be confident that it will be taken care of by the professionals at Hunter/FX Luminaire.

🌿 **Francesca Corra**, *Dirt Diva Designs*

I am a longtime **Lyngsø Garden Materials** fan—not only because of their great materials (love their compost tea!) and customer service—but also because of their commitment to sustainability, as well as their ongoing educational support for the public and the landscape profession.

🌿 **Janet Enright**, *Janet Enright Garden Design Inc.*

Mountain States' clay-adjusted, low-water plant options are the future for California. Their exclusive plants, such as the *Baccharis* hybrid 'Starn' Thompson® that we have planted in the hellstrip, are thriving (though they have barely gotten watered); and the *Dalea* Sierra Negra™ was still blooming as of this fall and was covered with bees. Thank you, **Mountain States Wholesale Nursery**, for the special plants, the information sheets, and the generosity.

🌿 **Gün Ünsal**, *Blue Hibiscus Gardens*

Pacific Nurseries

As always, **Pacific Nurseries** remains my go-to source when a design requires beautiful, healthy, and full-screening shrubs. I can always trust in their impressive growing grounds to provide the fine quality and exact quantities that I require for every professional landscaping project.

🌿 **Anna Wendorf**, *Anna Wendorf Design*

Peninsula Building Materials Co.

PBM's Mountain View showroom is an invaluable resource for my business. With hundreds of natural stone and brick selections actually installed, plus dozens more veneer and paver products on hand, developing a gorgeous hardscape palette is a snap. Of course, it doesn't hurt that the reps treat APDL designers like royalty! With their knowledge and resourcefulness, I know I can count on **Peninsula Building Materials** to make any project better.

🌿 **John Black**, *CPLD, Verdance Landscape Architecture*

This company has helped me remain current about emerging technologies and products to conserve resources and protect our environment. I look forward to their newsletters, which inspire professionals with unique approaches to better serve our clients. When teaching landscape-related programs, I always refer my students to **The Urban Farmer Store**—and I strongly recommend that my fellow APDL members do so as well!

🌿 **Cheryl Buckwalter**, *Landscape Liaisons*

**Urban Tree Farm Nursery's** selection of trees and shrubs never fails to impress me. They carry hundreds of bare-root fruit tree varieties and have a very easy-to-navigate website, so it's always a breeze to find just what I need for my clients' projects. The folks in the office are friendly and knowledgeable as well, and always easy to work with.

🌿 **Mary Fisher**, *FAPDL, Mary Fisher Garden Design*
